Pay Pal Pay Installments Option

For select Afton Tickets events there is an option (using Pay Pal) to pay for your tickets in the amount of 4 installments as opposed to all at once. In most cases Pay Pal needs to approve the customer before they are able to use the option. The reason for this is because Pay Pal still sends the full amount of the purchase to the business but the customer is only charged a quarter of the amount and then every 2 weeks they are charged the next amount until the full amount has been paid.

Step 1: Head to the event that you are trying to purchase a ticket for. Step 2: go through the ticket purchase process as you normally would until you get to the 'Billing Details' page. Once on this page make sure to click on 'Installment Plans'.

Step 3: Make sure to also click on 'Pay Later' instead of clicking on 'Pay Pal' as shown in the below image.

Step 6: Next it will ask you what payment method you would like to use. Click on whichever method you would like to be charged through and click 'Continue'.

Step 7: Click Continue and then It should bring up a spinning wheel for 5 seconds to 3 minutes (it just depends on how long the approval process takes).

Step 8: Then it should give you one final option to click 'Continue' so make sure to click on that. The screen should look like the below image.

Step 9: Lastly, It will bring you back to the Afton Tickets site where you will just need to click on 'Place Your Order'.
